Memo No i

1

I beg to bring to notice that owing to the accounts for the year 1894-95 having had to be closed earlier than usual this year and the extra work which during the year had to be done in connection with the Compilation of the 13 years' Statement of accounts, the verification of balances, the working up of the Books of the Office for several years and the preparation of special statements required by Government the office was not able to cope with this extra work and consequently arrears have accumulated which it is necessary to work off

Article 1674 of the Civil Account Code Volume II

In British India the Comptroller General has authority to sanction Extra temporary Establishments in Civil accounts offices for special work and for bringing up arrears to an extent involving an expenditure not exceeding (Rs 25000) in a financial year.

Following this rule I keep that I may be authorised to draw Rs 600/- ~~Six~~ six hundred ~~x~~ this year to enable me to work off the arrears that have accumulated and annually the Sum of Rs 300/- three hundred only for any temporary Establishment I may have occasion to employ for the Efficient working of the office, for meeting Extra demands from Government and

-x- Sic? Should has approved by Mr Shaw.

and also for bringing up arrears if any, occur.

I may add that the records of my office which have accumulated since the year 1863 have to be arranged and destroyed as required by the Civil account Code volume II and the Cost of this work will also be met from the annual account asked for above.

I have on hand the revision of the Mysore service Regulations the Compilation of an office manual, a Simplified account Code for this Province, a Taluk Account Manual all of which are absolutely necessary for the efficient working of the account office the District and Taluk Treasuries.

If this work has also to be done with the

the Current work of the Office I am very much afraid the latter work will fall heavily in arrears and the Special work itself Cannot be done within a reasonable time and in a Satisfactory manner.

With a grant of Rupees 300/- a year which I assure you will be utilized most economically and only under absolute necessity. I am Confident I shall be able to do all the Extra work and always keep the work of the Office free of arrears.
